

“Football Tutoring Program”

“The Tutoring Experience”

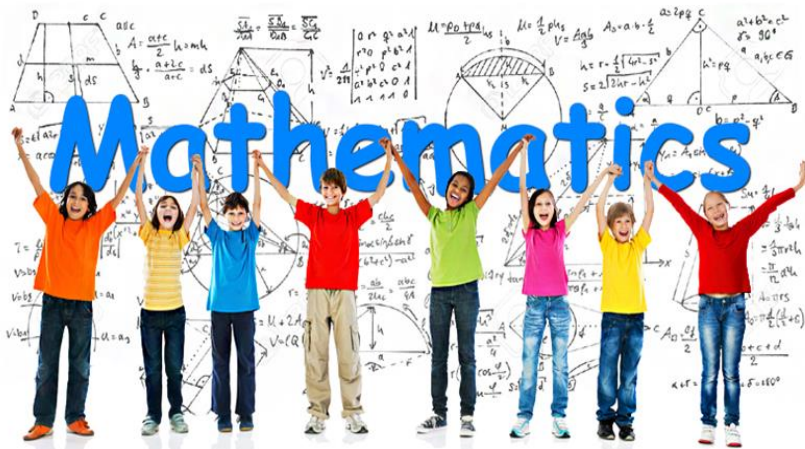

Our program will employ high school honor students to lead our educational department. Student will receive four (4) hours tutoring each and every week at the academy!

All Players & Cheerleaders must maintain their grades in order to participate in our program. Reports and progress reports must be turn each semester

“The Tutoring Experience”

Every level of math will be offer during the program. From basic math complications to middle school algebra, tutoring classes will be offered to ensure that our players are getting the help they need in mathematics.

“Math”

Reading is fundamental! One of the most educational component is reading and our tutors will be on hand to help students need.

Writing for middle school students, along with homework assignments is encourage to bring to the tutoring sessions.

“Reading & English”

Science & Social Studies

growing bundle

Science and Social Studies tutoring will also be available in our program. We're here to help!

“Elective Experience”

Tutoring sessions are conducted seven (7) days a week. The goal is to let the students know, they're students first and athletes second. All players and cheerleaders grades will be checked throughout the school to make sure our players understand the importance of school work, as well as house chores! Our program will assist parents in enforcing the importance that sports are a privilege, not a benefit!
