

- *Zion Keepers* -

Zion Keepers, Inc. is a 501(c)(3) non-profit ministry that provides housing for veterans and other supportive services to homeless and disabled veterans, as well as people living with HIV/AIDS, struggling with mental illness, substance abuse, and other life-controlling issues. Our program helps those we serve to establish a personal relationship with their Creator and to regain their independence through a program that touches all facets of their life.

**- *About Us* -**

At Zion Keepers, our overall mission is to give back to our nation's heroes by providing housing for veterans as well as a wide array of other services that give those in need a better quality of life. In addition to our long-term housing and emergency shelter services, Zion Keepers offers rent / utility aid and food boxes.

**- Mission -**

### Housing Veterans Is Our Passion

Our volunteers are passionate about providing safe housing and emergency shelter options for veterans in need, and with the help of our dedicated community partners and local business contacts, we're able to offer so much more. While housing for veterans is how we got our start and will always be a priority for Zion Keepers, Inc., our ultimate goal is to help local veterans find the means to become stable and self-sufficient. From there, we can point them toward resources that will help them find careers and become productive members of the community.

**- Housing -**

Veterans need a coordinated effort that provides secure housing and nutritional meals, essential physical health care, substance abuse aftercare, mental health counseling, and personal development and empowerment. Veterans also need job assessment, training and placement assistance. VAF strongly believes that all programs to assist homeless veterans must focus on helping veterans reach the point where they can obtain and sustain employment, plus permanent assisted housing.

***- The Veteran's Needs -***

At Zion Keepers, we're committed to helping veterans who have fallen on hard times find housing and other essential resources in their time of need. We understand that their service cost them physically, emotionally, and spiritually, and it's our respect and gratitude for their sacrifices that inspire us to make sure our local veterans are taken care of each and every day
